Description

NBR

Multi-X Nipple Seal Kits

The seal kits for the nipples in the Multi-X plates can be replaced. The kit contains one profile ring or an O-ring/backup ring to replace the front seal on the nipple.

Check with an authorized CEJN distributor for availability and prices. Other connections and sealing material on request. Some part numbers may be subject to minimum order quantities. CEJN reserves the right to make changes without further notification. Thread connections are listed according to ISO Standards. All measurements are in mm.
